

FLIGHT LINES JANUARY 2010

Volume 23, issue 1

LOVE-AIR RIC

Presidential Thoughts

Welcome to 2010! It is hard to believe that it has been a decade since the turn of the century. Remember how everyone was running around in a panic worried that all our computers would fail and the country would spin down in turmoil? As part of my job, I had to test all the computer based systems and make sure they would run when the clocks ticked over, then I had to document each system test and get it signed by the department manager and site manager. Then I had to maintain those records for 10 years! I can finally get rid of the three 4" binders in my office!

December was very hectic for me at work, we had a maintenance down for 8 days that required many long days (and a few nights) then we had a less than spectacular startup. Before I knew it, Christmas was here. I did get some time to clean up my shop some, but it quickly fell back into disarray, when I returned to working on the Panther. That project is going very slow, I am to the sanding & fitting stage on the fuse, but I have a nagging shoulder injury that flares up when I start sanding too long. Hopefully your projects are going well and you all got some neat new toys for Christmas.

Moving to club business, our January meeting will be a financial review of the club in 2009. This is a very important discussion and all of us on the board want your input on when the club's money is spent.

We also will be presenting the event calendar for 2010. Again, we want your thoughts on events for 2010. Please attend the meeting; we need your feedback on how you want the club to run. It is not my club or your club, but OUR club. The officers and board of directors are your representatives; we need your thoughts & opinions to lead the club through 2010. The meeting will be on January 13th at 7:00 PM at the Windsor Community Recreation Center. I look forward to seeing you there!

See you at the field!

Dan St.John

Next Meeting
January 13th at 7PM
Meeting Location
Windsor Community Center
New Members
No new members this month
Events (Proposed)
Field clean up April 24th
Pylon Race May 1st—2nd
Jet Rally May 21st—23rd
Heli Fun Fly June 24th—27th
IMAC July 17th—18th
3D Event Aug. 7th
WOTR Aug 25th—29th
Club Picnic ?

**Meeting: 7 p.m., Jan 13 at Windsor Community
Recreation Center**

Love-Air General Meeting Minutes November 11, 2009

Meeting started at 7:12 PM

No new members or guests

October meeting minutes approved & passed

Treasurer's report given by President
Report accepted and approved

Brian O'Meara showed us his Composite –ARF F4U Corsair. This beautiful airplane is decked out with a Moki 250 radial, Sierra Giant Scale retracts, sliding canopy, and folding wings. Brian has a couple dozen flights on it now and reports it is a great flying plane.

Van Kratzenstein gave a demonstration prop balancing both composite & wood blades

Club elections were held. The existing slate of officers agreed to serve another year.

- President – Dan St.John
- Vice-President – Van Kratzenstein
- Secretary – Rich Schoonover
- Treasurer – Tony DeCrosta
- Safety Officer – Rich Perry
- Member at Large – Mark Klawin
- Newsletter Editor – Andy Hiller

The slate was voted on by the members and were approved.

The board has two openings for member at large.

Larry Turner has been nominated for one of the openings

The other seat remains open

Larry's nomination was approved by unanimous vote

There will be no meeting in December. Have safe and Happy Holidays!

New AMA online services

As published in the January of 2010 Model aviation magazine, the AMA will now be offering online sanction and event publication documents for filling out and submitting via the Internet. These can be found at www.modelaircraft.org/documents.aspx

This will be very helpful for contest directors and event organizers as there will not be the delay involved with "snail mail". Now our sanctions can occur immediately and will also give us more exposure with the advertising of our events at least for the online contest calendar. This being the season to get our sanctions in as contest directors of our upcoming events, I thought I would reiterate this option. Hopefully we will find this useful and beneficial to the club.

from Rich Perry

Encore, encore!

Our visit and R/C demo at High Plains Raceway last year was well enjoyed by Rocky Mountain Vintage Racing so they are inviting us

back. And we will again offer them an opportunity to visit us with their sports cars and enjoy our August 7 3D flying event.

Club members are invited to attend free for their May 15-16 race weekend. The current plan is for a few of us to put on a 3D, combat and aerial racer demo that Saturday afternoon after the checkered flag waves and as the apres-race party begins. Perhaps we'll also bring a couple of trainers with buddy boxes and let them try flying.

We use their verrryyy-long front straightaway as the runway. The track is about 50 miles east of DIA.

So mark your calendars for a day at the races. The pits are open to visitors, and just like us, those guys love to show off their toys. A good time is guaranteed.

Come fly with us.

The Love-Air R/C Club is a club organized to enjoy and promote the sport of flying radio controlled models. The club is a chartered member of the Academy of Model Aeronautics (AMA), a national organization whose purpose is to promote the sport of model aviation.

The annual membership fee is \$60.00 and covers from July 1st through June 30th. Membership cards are issued and a monthly newsletter is sent to each member. Current membership is required to fly at the Love-Air flying site. The club requires that all members who use the club flying field are also current members of the AMA. New members Welcome! Ask any member for information. See a club officer or check the box on the Freq. Board for membership forms.

	Adult	Junior	Family
Annual Dues (1/2 price after Jan 1st)	\$60.00	\$20.00	\$80.00
Runway Assessment (One time only)	\$75.00	-0-	\$75.00

Membership Chairman: Frank Ostermiller (970) 378-7836
